

ABOUT MYAH'LIYAH MELANIE DOMINGUEZ

Myah'liyah was born on February 19, 2011, in New York. A perfect, beautiful baby girl who was growing up so fast and healthy, with such a spunky personality... A little girl who knew exactly what she wanted! Her beautiful eyes could tell a thousand stories... However, this one went undetected! Just four short days after her 4th birthday, Myah returned from daycare and exhibited signs of limited use of her left arm. Her mother encouraged her to use it, however when she asked her to, she said " i cant mommy, it's just flappy". At that point, she knew something was wrong. Her mother took her to the E.R., as her pediatrician suggested, and after 2 days of impatiently waiting, they did a cat scan. The

cat scan revealed that she had a tumor in her brain, but at that time no one knew the severity of it... Later that night they did an MRI, which revealed a tumor on her brain stem, (pons area) which would be hard, if not impossible to operate on. They suggested a biopsy the next day, also in hopes

that they might be able to remove it... It has been determined that Myah has an Inoperable, cancerous brain tumor (DIPG/ASTROCYTOMA)!! At 4 years old, who would think that their child has cancer? The Family is trying everything they can to get her the treatment that she needs. They are very grateful for science, the doctors and the treatments that they have come up with, but are most grateful to God! It's all in his hands!! She is currently receiving treatments at Montefiore Hospital, NYC. Your prayers and well wishes mean so much and bring so much encouragement and support. Thank you so much for that! Myah is still a little too young to think of what her biggest "wish" is, but we thought that she would love a trip to Disney, or pretty much anywhere Elsa and Ana can be found!! We wish to give Myah everything she wants and desires, as her time with us is very precious! Every penny can help support Myah and her amazing mother as they travel down this bumpy road in their life. Whether you donate to help support her wishes, or towards the unexpected expenses that come along with her battle, you are helping in every way possible. Thank you In advance for your support!

Please join us in helping this family

Sunday, May 31, 2015

4:00pm-8:00pm.

All proceeds will go to help Myah in her battle against Cancer.
